

Edit your HBA Community profile

Last Modified on 05/10/2026 5:04 pm EDT

In [the HBA Community](#), you can edit your profile to include information about your education and work experience.

1. Navigate to your profile by clicking the quick link on the right hand side of the page entitled "Customize My Profile".

2. Once you are in your profile, you can add contact information, education, professional experience, etc.

Another quick link in the menu is "Update My Privacy Settings". Here you can decide who you'd like to share this information with, within the community platform.
